lcds
One person at a time.

This Holiday Season, Lambton County Developmental Services is hoping to raise funds for the residents at our First Avenue Duplex location and the residents at our Alvinston location.

Lambton County Developmental Services (LCDS) is a network of people, working together to provide support for adults with developmental disabilities in pursuit of their life dreams. LCDS is a private, non-profit, charitable organization that provides support to adults with developmental disabilities throughout Lambton County, for over 67 years!

We provide support by living our Mission of empowering people with developmental disabilities, we work towards our Vision of Inclusive Communities ~ Innovative Leaders by honouring core values of care, connection, and excellence.

Our Alvinston and First Avenue Duplex locations are looking for new ways to enhance their current storage situation. With a previous streak of severe weather, the original shed in Alvinston was unfortunately destroyed. With the addition of new garden sheds, the residents will have more space inside of their homes to enjoy each others company.

There will be a specific place for everything, and no more clutter! Having a neat and organized home, both inside and outside, is crucial to keeping things calm, clean and happy.

Thank you for consideration in helping our agency build a garden shed at the First Avenue Duplex and a garden shed, with cement pad, at the Alvinston location.

Your generosity is greatly appreciated.

Let's work together to make dreams come true!
