1.0 PURPOSE

The purpose of this Directive is:

- to set out rules and principles for the reimbursement of expenses to ensure fair and reasonable practices;
- to provide a framework of accountability to guide the effective oversight of public resources in the reimbursement of expenses; and
- to set the parameters for the public disclosure of information about expenses.

APPLICATION AND SCOPE

This Directive sets out the rules for managing travel, meal and hospitality expenses for employees and appointees in:

- ministries;
- provincial agencies; and
- the Independent Electricity System Operator and Ontario Power Generation Inc. (“organizations”)

The Directive also applies to consultants and contractors to ministries or to provincial agencies

The following definitions apply for the purpose of this Directive:

- Each of the above form part of what is considered *government*.
- *Claimant* refers to any person making a claim under the terms of this Directive.
- *Approver* refers to the person with the authority to make approvals under this Directive.
- *Chief Executive Officer (CEO)* refers to the head of operations at agencies and organizations.
- *Chair* refers to the person appointed as the head of an agency/organization and who is accountable to the Minister, regardless of whether the title “chair” is used.
- *OPS employees* refers to employees of ministries and of provincial agencies that are Commission public bodies (i.e., employees appointed under [section 32 of the Public Service of Ontario Act, 2006](#)).

This Directive further amends the Travel, Meal and Hospitality Expenses Directive dated November 2004 (as previously amended), and supersedes that version of the document, including any addenda.

In the event of a conflict or inconsistency, this Directive prevails over a memorandum of understanding (MOU) between a minister and the head of an agency/organization, particularly where the MOU contains less stringent requirements.

This Directive does not prevail over legislation or a collective agreement.

2.0 PRINCIPLES

- Taxpayer dollars are used prudently and responsibly with a focus on accountability and transparency.
- Expenses for travel, meals and hospitality support government objectives.
- Plans for travel, meals, accommodation and hospitality are necessary and economical with due regard for health and safety.
- Legitimate authorized expenses incurred during the course of government business are reimbursed.
- Best practices are in place, including:
 - Prior approval to incur expenses is obtained.
 - Other options for meetings are always considered before travel is approved, including audio or video conferencing.
 - Corporate travel cards are used for authorized business travel and business related expenses.
 - The government's vendors of record for travel-related services are used whenever possible.

3.0 MANDATORY REQUIREMENTS – GENERAL

- Written approval is required for the following **before** any arrangements are made. Use the appropriate form, if available.
 - International travel (approval form for employees in ministries and Commission public bodies), and
 - Hospitality events involving alcohol (approval form for ministries), (approval form for agencies/organizations).
- Alcohol cannot be claimed and will not be reimbursed as part of a travel or meal expense.
- Hospitality is provided only when the event involves people from outside the government. Functions involving only people who work for the government (all those covered by this Directive) are not considered hospitality functions.
- Expenses for a group can only be claimed by the most senior person present – expenses cannot be claimed by an individual that are incurred by his/her approver (e.g., a director cannot submit his/her ADM's claim for lunch even if they were at the same event).

- Information about expenses must be posted on the appropriate public websites for the following:
 - designated senior managers in ministries (see the [public disclosure website](#));
 - designated persons in organizations; and
 - designated persons in designated provincial agencies.
- Good record-keeping practices must be maintained for verification and audit purposes.

Claimants must:

- obtain all appropriate approvals before incurring expenses; if no prior approval was obtained, then a written explanation must be submitted with the claim;
- submit original, itemized receipts with all claims, except for meal expenses where meal allowances are used (see Section 6.0); credit card slips are not sufficient.
- In the absence of an itemized receipt, a written explanation of why the receipt is unavailable must be submitted and a description itemizing and confirming the expenses must be provided;
- submit claims by the end of the quarter following the quarter in which the expense was incurred; a written explanation is required if not submitted within this timeframe;
- submit claims for expenses before leaving positions with a ministry or agency/organization.

Approvers must:

- provide approval only for expenses that were necessarily incurred in the performance of ministry or agency/organization business;
- provide approval only for claims that include all appropriate documentation (e.g., original itemized receipts);
- not approve their own expenses.

Note that an overpayment to a claimant is considered to be a debt owing to the government and must be repaid.

4.0 ACCOUNTABILITY FRAMEWORK

This Directive sets out the approval authority for travel, meals and hospitality expenses. In some cases, the level of approval is identified and also whether the authority can be delegated. In other cases, a requirement is stated (e.g., prior approval is required) without identifying an approval level. Where no approval level is identified, ministries and agencies/organizations have the flexibility and discretion to establish their own level and to address possible delegation.

A deputy minister or CEO has the authority to establish additional rules regarding expenses. Any additional rules must be consistent with those laid out in this Directive and be necessary to meet specific operational needs. These rules do not replace any rules in this Directive, nor can they substitute higher rates of reimbursement for kilometres or meals. Additional rules must include the date of approval and must be accessible to everyone covered by the rules.

In addition, a deputy minister or CEO may modify the level of approval upward to a more senior level when authority is assigned to a manager/supervisor or contract manager.

For ministries, the authority to approve the reimbursement of expenses is set out in IFIS and iExpenses (based on each ministry's delegation of authority).

Agencies/organizations that do not have access to IFIS and iExpenses should follow their own internal approval practices.

4.1 Managerial Discretion

For the purpose of this Directive, managerial discretion is the administrative authority to make decisions and choices with some degree of flexibility, while maintaining compliance with this Directive. There is no discretion to depart from the principles and the mandatory requirements of this Directive. All decisions should be taken very carefully.

When exercising discretion, the rationale must be documented and filed with the claim.

Approvers are accountable for their decisions, which must be:

- based on good judgment and knowledge of the situation;
- exercised in appropriate circumstances; and
- compliant with the principles and mandatory requirements set out in this Directive.

For additional explanation on the exercise of managerial discretion, see the Tip Sheet on this topic.

When a situation arises and discretion needs to be exercised, approvers should consider whether the request is:

- ✓ able to stand up to scrutiny by the auditors and members of the public
- ✓ properly explained and documented
- ✓ fair and equitable
- ✓ reasonable
- ✓ appropriate

It is the responsibility of both the approver and the claimant to work out appropriate arrangements which would meet the test of being fair and equitable.

Exemption

Only Treasury Board/Management Board of Cabinet (TB/MBC) can grant an exemption from all or part of this Directive. Ministries can apply for an exemption by bringing forward a business case to TB/MBC.

4.2 Public Disclosure of Expenses

Information about expenses must be posted on the appropriate public websites for the following:

- designated senior managers in ministries (see the [public disclosure website](#));
- designated persons in organizations; and
- designated persons in designated provincial agencies.

The website for public disclosure of information about expenses for senior managers in ministries is on the main government website (www.ontario.ca). Agencies/organizations will use their own websites for public disclosure.

Information about the procedures for posting on the public websites is found in the public disclosure of expenses section of the [FAQs](#). It includes information on:

- the types of expenses to be disclosed,
- the details of each expense to be disclosed, and
- the timing for updates to the public disclosures.

5.0 TRAVEL

This Directive applies whenever travel is required.

For the purpose of this Directive, travel does not refer to a person's regular commute to work – expenses related to a person's regular commute are not reimbursable (see FAQs).

5.1 When travel is a part of the job

There are some jobs where frequent travel is a requirement – part of the regular job duties.

On hiring, managers should ensure staff are aware of the Directive and how it will affect their job. In these situations, approvers should meet with the employee to determine appropriate strategies (e.g. pre-approval for frequent or regular travel, when meals can be reimbursed, use of vehicles, etc.). (See FAQs)

Ministries and agencies/organizations with jobs that require regular travel need to ensure that the Directive is utilized in a consistent manner so that managers and employees have a common understanding of how the Directive is applied.

5.2 When travel occurs every now and then

In the majority of positions in government, travel usually occurs irregularly on an as-needed basis; for example, to attend training, meetings, conferences or consultations; representing the government at an event; etc. In some cases, employees will be asked by their managers to travel, and in others, the request may come from the employee.

5.3 Approvals for Travel

The following charts identify the level for approvals for travel¹ for everyone covered by this Directive. In many cases, the authority for approval may be delegated. See below ([section 5.4](#)) for information on delegation of authority.

Chart 1: ministries

Chart 2: provincial agencies whose employees are appointed under [section 32 of the Public Service of Ontario Act, 2006](#) (PSOA) (Commission public bodies)

¹ Note that these are the levels for approving travel, not for approving any expenses related to travel. Approval of expenses rests with the individuals in organizations that have financial approval authority (either through the financial delegation of authority for OPS employees, or other applicable mechanism in other organizations.)

Chart 3: other agencies/organizations whose employees are not appointed under [section 32 of the PSOA](#) (includes the Independent Electricity System Operator and Ontario Power Generation Inc.)

Special Status for International Travel

For some agencies/organizations, the requirement to travel internationally may be considered integral to their business. To ensure that the approvals process does not have an undue negative effect on the ability of the agency/organization to conduct business, these agencies/organizations may have the opportunity to request special status that would allow the chair to approve international travel instead of the positions listed in Chart 2 or 3.

Only Treasury Board/Management Board of Cabinet (TB/MBC) can approve special status. Ministries can apply for special status on behalf of their agencies by bringing forward a business case to TB/MBC. If TB/MBC approves special status, the chair may approve international travel or delegate approval authority to the CEO, with no further delegation.

Should the business of an agency/organization with special status change significantly, the ministry must reapply to TB/MBC for special status on behalf of the agency/organization, if appropriate.

For more information on this process and for the approval levels within agencies/organizations once special status is granted, see [Appendix A](#).

The following chart provides direction on when and how the authority for approving travel requests can be delegated.

In the case where individuals are temporarily acting in positions with approval authority, they can exercise the full authority of the position provided that they do not approve their own travel plans or expenses. (see FAQs).

5.5 Before Travelling

There is a process to follow for all people wishing to be reimbursed for travel expenses.

- ✓ Obtain prior written authorization required for international travel. Ministry and Commission public body employees should use the appropriate request form.
- ✓ As a best practice, obtain prior approval for any travel (note that for ministry and Commission public body employees, there is a form available for travel within Canada and the continental USA).
- ✓ Whenever possible, use the government's designated vendor of record service providers. OPS employees can access these and online booking tools through

MyOPS Travel Gateway. For information on access to these tools for ministries and agencies/organizations, see the [FAQs](#).

- ✓ If there is a change in your itinerary, you should:
 - report any changes to your approver as soon as possible; and
 - submit any changes through the travel management company or, if appropriate, an alternate travel agency.
- ✓ If you are eligible to use the corporate travel card, use it wherever possible to pay for your travel expenses.
 - If you are a ministry employee, information about the rules and applications for the corporate travel card can be found at MyOPS under [Travel Card Services](#)
 - Others should check with their agency/organization the availability of a corporate travel card.
- ✓ Secure passports, visas, immunizations, medications, as appropriate before you travel.
- ✓ Consult with your approver to ensure that your travel arrangements include accommodation for any special needs.
- ✓ Until the time that loyalty points can be accumulated through the government corporate travel card, participation in frequent flyer or other loyalty programs is permitted provided that you:
 - choose the most cost-effective accommodation or method of travel;
 - use the corporate travel management company to book your method of travel; and
 - use the corporate travel card to pay for all travel expenses.

Loyalty points can be redeemed at the user's discretion; however, they cannot be redeemed for cash by using the points for business purposes and then submitting a claim for reimbursement.

International Travel

If travelling internationally (outside Canada), in addition to the obligations set out elsewhere in this Directive, the following rules apply.

Requests for international travel must include:

- ✓ prior written approval ; ministry and Commission public body employees should complete the Request for Approval for International Travel form or Request for Approval for Travel within Canada and the continental USA form;
- ✓ acknowledgement that all appropriate approvals are in place;
- ✓ written rationale demonstrating critical value of travel for government/ organizational priorities and interests, and details how the travel will produce a benefit for the province;
- ✓ documentation showing detailed itemization of anticipated expenses (note that the lowest cost and most reasonable method of travel must be used);

- ✓ confirmation that a security assessment for physical and cyber risk is completed for the proposed travel destination (see FAQs)

On an international flight, business class seating may be permitted with prior approval of the deputy minister or CEO. ([see FAQs](#))

When planning any travel, consider business continuity (e.g., deciding whether senior management or people with specialized knowledge or expertise should travel together).

Security Assessment

When travelling outside Canada, including the continental USA, a prior assessment of physical and cyber security is required. The assessment provides recommendations on safeguards against cyber and physical security threats for individuals traveling internationally ([see FAQs](#)).

Information on the requirement for the security assessment is included in the travel forms (Request for Approval for International Travel, and Request for Travel Outside Ontario – Within Canada and the Continental USA). Agencies/organizations that do not use the travel forms can contact TravelRisk@ontario.ca for information.

Insurance

OPS employees can find information on insurance on MyOPS Travel Gateway. Others should check with their agency/organization for direction on insurance.

Medical and Health Insurance

Eligible OPS employees⁵ are covered under the employer's health insurance plans in the event of illness or injury. The cost of additional private medical/health insurance will not be reimbursed for travel within Canada.

Other agency/organization employees, appointees and consultants should speak to their ministry or agency/organization to assess their coverage for medical and health insurance within Canada.

Traveling outside of Canada

You are responsible for arranging appropriate out-of-country medical insurance.

For ministry employees, this cost is reimbursable and can be charged on the corporate travel card.

⁵ For information about eligibility for medical, health and travel accident insurance coverage, see the My OPS website ([Pay and Benefits](#)) and [relevant collective agreement](#), as appropriate.

When purchasing out-of-country medical insurance, it is advised that you also purchase the option that allows for immediate payment of costs at the time of the incident (i.e., up-front payment option).

Agency/organization employees, appointees and consultants should speak to their ministry or agency/organization about reimbursement for out-of-country insurance.

Travel Accident Insurance

Eligible OPS employees have basic insurance for accidental injury or accidental death. Extra insurance may be arranged at the traveler's expense – it will not be reimbursed.

Other agency/organization employees, appointees and consultants should speak with the ministry or agency/organization to assess their coverage for travel accident insurance.

Vehicle Insurance

For Ministry Employees

The corporate travel card benefits include insurance that covers the cost of repairing the damage to approved vehicle types rented using the travel card. Therefore, if you have a corporate travel card you must use it to rent a vehicle and you should decline the collision damage waiver offered by the rental agency. (see FAQs)

If you do not have a corporate travel card, or you rent a vehicle that is not eligible for coverage under the card, you should purchase the collision damage waiver coverage offered by the rental company. The insurance costs can be claimed as a travel expense. For more information, go to Travel Card Services on MyOPS.

For Agencies/Organizations

Agencies/organizations should check the coverage on any corporate travel cards.

Using a Personal Vehicle

If you use your personal vehicle while on government business, the following apply.

- The vehicle must be insured at the vehicle owner's expense for personal motor vehicle liability.
- It is the driver/owner's responsibility to ensure that the motor vehicle insurance includes coverage for business use of the vehicle.
- The government will not reimburse the costs of insurance coverage for business use, physical damage or liability.
- The government is not responsible for reimbursing deductible amounts related to insurance coverage.
- In the event of an accident, you will not be permitted to make a claim to the government for any resulting damages.

5.6 Transportation – How to Get There

Ministry employees should make travel reservations through the government's travel management company (see [Appendix B](#)) or book online through MyOPS Travel Online.

- ✓ Use the government's travel management company, when booking airfare or making multiple travel arrangements in combination with airfare.
- ✓ Use the online booking tools for travel arrangements other than airfare (e.g., rail, hotel, rental car).

Agency/organization employees and appointees may telephone the government's travel management company directly (see [Appendix B](#)). Where an agency/organization has an established relationship with an alternative travel agency, it may make reservations with that travel agency as appropriate.

Airplane

Air travel is permitted if it is the most practical and economical way to travel.

Economy (coach) class is the standard option for ticket purchase. Travel in business class must have prior approval by the deputy minister or CEO, and may be considered in the following circumstances (see FAQs):

- on international flights; or
- on flights within Canada and the continental United States of America if related to the provision of reasonable accommodation (e.g., health reasons).

In some cases, ministry employees may need to use government-owned and charter aircraft. This is managed through the Ministry of Natural Resources. On an annual basis, deputy ministers provide the Ministry of Natural Resources with a list of staff authorized to requisition this type of transportation for government business.

Train

Travel by train is permitted when it is the most practical and economical way to travel.

A coach class economy fare is the standard.

Business class may be acceptable with prior approval in limited circumstances such as:

- the need to work with a team;
- choosing a travel time that allows you to reduce expenditures on meals or accommodation (e.g., compare an economy (coach) class ticket plus a meal, with the cost of a ticket for VIA 1, where the meal is included);
- accommodation requirements; and
- health and safety considerations.

International train travel should be at the Canadian equivalent to coach class.

Vehicle

Choosing the Appropriate Vehicle

When road transportation is the most practical, economical way to travel, the order of preference is:

- government vehicle
- rental vehicle
- personal vehicle, if it is more economical than a rental vehicle

If you travel frequently as part of your job, these arrangements should be made when you are hired.

Use of a personal vehicle must be discussed in advance with your approver. The government will assume no financial responsibility for the use of your own vehicle other than paying the kilometric rate.

Government Vehicle

Government vehicles may be:

- ✓ used only for government business; and
- ✓ operated only by individuals with a valid Ontario driver's license for the appropriate class of motor vehicle.

For ministry employees, government vehicles can be operated only by people authorized under the Government of Ontario Motor Vehicle Fleet Policy.

You can have a passenger in a government vehicle only if the passenger's travel is related to government business.

Agency/organization employees, appointees and consultants should follow the rules approved by the agency/organization.

Rental Vehicle

When renting a vehicle, a compact model or its equivalent is required. Any exceptions must be:

- documented and approved prior to the rental if possible; and
- guided by the principle that the rental vehicle is the most economical and practical size, taking into account the business purpose, number of occupants and safety (including weather) considerations.

Luxury and sports vehicles are prohibited.

To avoid higher gasoline charges, refuel your rental car before returning it.

Ministry employees:

- Use the federal [rental car directory](#) to find appropriate agencies.
- To ensure that the government – as employer – provides liability coverage when you are renting a vehicle in the province on Ontario government business, you must:
 - name the renter as Her Majesty the Queen in Right of Ontario,
 - add the name of your ministry, and
 - list yourself and any other drivers on the rental contract.
- You can use a letter confirming that employees must name “Her Majesty the Queen in right of Ontario” as the renter. This letter is available on the MyOPS Travel Gateway site.

Agency/organization employees, appointees and consultants should follow the rules for renting vehicles approved by the agency/organization.

Personal Vehicle

The ministry or agency/organization assumes no financial responsibility for personal vehicles. The ministry or agency/organization will, however, pay the kilometric rate if you are, with prior approval, using your own vehicle for ministry or agency/organization business.

If you will be driving more than 200 kilometres in a day, you should consider using either a government or a rental vehicle.

If you are going to drive your personal vehicle for more than five days within a single calendar month – even if you are not exceeding 200 kilometres in a single day - you should consider lower cost options, such as vehicle rental or audio or video conferencing.

The approver must make a decision on the type of vehicle used for travel (personal or rental) based on the frequency of travel as well as the distance per trip. If a decision is made, with your approver, for you to continue using a personal vehicle, both your research and the rationale must be documented.

If using a personal vehicle, keep daily logs to track the business use.

Accident Reporting

All accidents must be reported immediately to local law enforcement authorities and your immediate supervisor. In addition:

- If you are using a fleet vehicle, advise the ministry’s fleet coordinator and the fleet management vendor of record as well.

- If you are using a rental vehicle, advise the rental car agency and contact the travel card insurance provider to initiate a claim.
- If you are using a personal vehicle, advise your own insurer.

Reimbursement and Rates

Rates are based on kilometres accumulated from April 1 of each year (fiscal year).

Rates may be established in a collective agreement, and, if they are not, the rates in this Directive apply.

Expense claims must be submitted with distances calculated in kilometres.

For claimants who can use IFIS/iExpenses, the appropriate rate for reimbursement by kilometre is applied automatically when a claim is submitted electronically through IFIS/iExpenses.

All others should follow their ministry's or agency/organization's procedure for claiming kilometre reimbursement.

Total Kilometres Driven per fiscal year	Southern Ontario (\$ per km)	Northern Ontario (\$ per km)
0 – 4000 km	0.40	0.41
4001 – 10, 700 km	0.35	0.36
10, 701 – 24, 000 km	0.29	0.30
More than 24, 000 km	0.24	0.25

Accumulated kilometres must be transferred with a claimant when moving within government to another job, ministry or agency/organization.

Reimbursement rates for personal vehicles driven outside Ontario will be at the rates for southern Ontario.

A description of the boundary between northern and southern Ontario can be found in the [FAQs](#).

Parking and Tolls

Reimbursement is provided for necessary and reasonable expenditures on parking, as well as tolls for bridges, ferries and highways, when driving on government business.

Parking costs incurred in the office area as part of a regular commute to work will not be reimbursed.

There is no reimbursement for traffic or parking violations.

Taxis

Prior approval to use a taxi should be obtained whenever possible.

Taxis may be justified in cases where:

- group travel by cab is more economical than the total cost of having individuals travel separately by public transit or shuttle; or
- taking a cab allows you to meet an unusually tight schedule for meetings (see FAQs).

Taxis may not be used to commute to work or home except under exceptional circumstances; for instance:

- weather, health or safety conditions indicate it is the best, appropriate option; or
- transport of work-related baggage or parcels is required.

Public Transit

Local public transportation including hotel/airport shuttles should be used wherever possible.

5.7 Accommodation

In the normal conduct of business, reimbursement for overnight accommodation within your office area will be neither authorized nor approved. However, in emergency or highly unusual situations exceptions will be considered. For example:

- You are required to remain close to your office for periods long in excess of (your) standard working hours.
- Your services are deemed necessary (and approved accordingly) for the purposes of emergency or crisis management.

There will be no reimbursement for hotel suites, executive floors or concierge levels when traveling.

Reimbursement will be made for single accommodation in a standard room.

Use the federal online [accommodation directory](#) which provides information on service providers offering government rates. If you do not have access to the directory, use the rules in your workplace. (See FAQs)

For extended stays at a single location, accommodation must be arranged with prior approval. This will take advantage of lower weekly or monthly rates.

Penalties incurred for non-cancellation of guaranteed hotel reservations are the claimant's responsibility and may be reimbursed only in an exceptional circumstance.

Private stays with friends or family are acceptable, and a cash payment or gift may be provided to the friends or family:

- A maximum of \$30 per night is allowed for accommodation including any meals with friends or family, in lieu of commercial accommodation. Instead of a receipt, you must submit a written explanation describing the purpose of the trip, identifying the host and the number of days you stayed.
- The \$30 value may be given in the form of a small gift (which must be accompanied by a receipt) or by cash or cheque.

5.8 Other Kinds of Expenses

Cash Advances

If you are an OPS employee, and you need a cash advance and have a corporate travel card, you are required to use the cash advance feature at a banking machine.

Others are expected to follow their ministry or agency/organization policy on cash advances.

Passports, Visas and Immunization

You may be reimbursed for:

- the cost of a passport if you are traveling to the United States;
- the cost of a passport and/or visa, plus the cost of immunizations and medications if necessary, for international travel.

Personal Care

If traveling on business for five consecutive days or more, reimbursement is allowed within reasonable limits for expenses such as:

- laundry
- dry cleaning
- hotel valet services (e.g., shirt pressing, suit steaming, shoe polishing, etc.)

Itemized receipts are required.

You will not be reimbursed for personal or recreational items (e.g., toothbrush, pay-per-view, or items from the mini-bar).

Tips/Gratuities

You may be reimbursed for reasonable gratuities for porter, hotel room services, and taxis. Keep a record of gratuities paid.

Examples of reasonable amounts for gratuities include:

- 10% on a taxi fare
- \$2-\$5 for housekeeping for up to two nights in a hotel, up to \$10 for a longer stay
- \$2-\$5 per bag for a porter

Telecommunication

With prior approval, you may use your government cell/mobile phone for business purposes when traveling. Speak with your approver to determine what is covered in your cell/mobile phone plan and how your ministry or agency/organization wishes to handle long distance or roaming charges. Note that any use of a mobile phone is subject to a security assessment if traveling outside of Canada. (See Section 5.5 above.)

Wherever possible, you are expected to use the least expensive means of communication, such as:

- calling cards; and
- internet access through the local provincial government network.

Use audio or video conferencing whenever possible, as an alternative to travel.

If you are away on government business, reimbursement will be made for:

- reasonable, necessary personal calls home for each night away; and
- additional business expenses, such as:
 - o business calls
 - o emergency calls from air or rail phones
 - o internet connections and computer access charges
 - o facsimile transmissions
 - o word processing and photocopying services
 - o rental and transportation of necessary office equipment

Dependent Care

For the purposes of this Directive, a dependent is a person who resides with the traveler on a full-time basis and relies on the traveler for care (e.g., a child or parent).

Prior approval for reimbursement of dependent care expenses is required, as well as a written explanation of the circumstances.

If travel is an expected part of your job duties, there is no reimbursement for dependent care expenses. However, expenses may be reimbursed if the travel requirements of your job or personal circumstances change unexpectedly.

Requests for dependent care expenses may be reimbursed under the following circumstances:

- ✓ if travel is occasional or unexpected, and
- ✓ if you incur expenses above and beyond your usual costs for dependent care as a direct result of travel.

In these situations, you may be reimbursed for your actual costs up to a daily maximum:

- \$75/day, if you have a caregiver's receipt
- \$35/day, if you provide a written explanation

Home Management

Prior approval for reimbursement of home management expenses is required, as well as a written explanation of the circumstances.

If travel is an expected part of your job duties, there is no reimbursement for home management expenses. However, expenses may be reimbursed if the travel requirements of your job or personal circumstances change unexpectedly.

Requests for home management expenses may be reimbursed under the following circumstances:

- ✓ if travel is occasional or unexpected, and
- ✓ if you incur expenses outside of the norm as a direct result of travel.

The type of expenses that may be considered, based on the length of time you are away, could include:

- snow removal
- grass cutting
- mail service

The approver must take into account what constitutes a reasonable situation and expense. For example, timely snow removal might be subject to local by-laws. In this case, if you are traveling as a regular part of your work you would be expected to have your own arrangement, at your own cost, in place already; however, if you travel only occasionally you might not. This cost could then be considered for reimbursement.

6.0 MEALS

Rules

Reasonable and appropriate meal expenses may be reimbursed. You may incur a meal expense when you are on government business and you:

- are away from the office area (i.e., at least 24 km) over a normal meal period; or
- have prior approval for the expense (e.g., a business meeting within the office area that must occur over lunch - see FAQs).

Meal expenses will be reimbursed at the established meal reimbursement rates, regardless of the actual meal costs. This is a meal allowance. Taxes and gratuities are included in the meal reimbursement rates. Receipts are not required to be submitted with meal claims or retained.

Meals must be purchased in order to be able to submit a claim for reimbursement. Alcohol cannot be claimed and will not be reimbursed.

In limited and exceptional circumstances (e.g. health considerations; limited options available) where a meal expense is higher than the meal reimbursement rate, the actual cost of the meal may be reimbursed. In these situations, the claim for meal reimbursement must be accompanied by an original itemized receipt and a written rationale for exceeding the rate. A credit card slip is not sufficient. Approval is subject to managerial discretion.

There may be situations where an individual pays the meal expenses for a group of individuals. In such cases, the individual may be reimbursed for the total of all meals purchased at the reimbursement rate for that meal. Group meal expenses can be claimed only:

- by the most senior person present – expenses cannot be claimed by an individual that are incurred by his/her approver; and
- for individuals covered by this Directive.

Reimbursement is for restaurant/prepared food only. Reimbursement for groceries must have prior approval. A receipt and a written rationale must be submitted with the claim (see FAQs).

Reimbursement will not be provided for meals consumed at home or included in the cost of transportation, accommodation, seminars or conferences.

If you travel as a regular part of your job, your meals will not normally be reimbursed unless you have obtained prior approval.

Meal Rates in Canada

Reimbursement for meal expenses incurred in Canada is subject to the meal reimbursement rates set out in the chart below. These rates are an allowance and include taxes and gratuities.

Meal Type	Meal Reimbursement Rate
breakfast	\$10.00
lunch	\$12.50
dinner	\$22.50

Meal Rates outside of Canada

Federal meal reimbursement rates are used for meal expenses incurred outside Canada as set out in the appendices of the National Joint Council Travel Directive or successor directive. These rates are an allowance and include taxes and gratuities.

These documents can be found on the National Joint Council website by using the [alphabetical listing of directives](#) to locate the Travel Directive.

The two relevant appendices are:

- Appendix C - Allowances - Module 2⁶
- Appendix D - Allowances - Module 4⁷

The following chart sets out when and how to use the appendices.

Travel to	Meal Reimbursement Rates found in	Application for this Directive
USA	Appendix C	Meal reimbursement rates are the same as the federal rates for Canada but in US funds. - - rates include taxes and gratuities
International (outside Canada and continental USA)	Appendix D	- rates are in the funds identified for each country - there are often different rates dependent on the city - rates include taxes and gratuities

⁶ Modules 1, 2 and 3 are differentiations for federal use only.

⁷ Module 4 refers to international travel (outside Canada and continental USA).

7.0 HOSPITALITY

What is “hospitality” for the purpose of this Directive?

Hospitality is the provision of food, beverage, accommodation, transportation and other amenities at public expense to people who are not engaged in work for the government of Ontario.

Rules

Functions involving only people who work for the government of Ontario are not considered hospitality functions and cannot be reimbursed ([see FAQs](#)). This means that hospitality may never be offered solely for the benefit of anyone covered by this Directive: OPS employees, agency/organization employees, appointees or consultants.

Hospitality may be extended in an economical and consistent manner when:

- it can facilitate government business; and
- it is considered desirable as a matter of courtesy or protocol.

Expenses that do not fit the definition of government hospitality will not be reimbursed. Examples of such expenses would be: office social events, retirement parties and holiday lunches.

Prior written approval is required for hospitality events where alcohol will be served (see responsibilities regarding alcoholic beverages, below).

When hospitality is appropriate

Hospitality may be extended on behalf of the government when:

- engaging in discussion of official public matters with, or sponsoring formal conferences for:
 - representatives from other governments;
 - the broader public sector;
 - business and industry;
 - public interest groups; or
 - labour groups;
- providing people from national, international, or charitable organizations with an understanding or appreciation of Ontario and the workings of its government;
- honouring distinguished people for exceptional public service in Ontario;
- conducting prestigious ceremonies for heads of state, government or distinguished guests from the private sector;
- the business of the agency/organization includes hospitality functions; and

- other hospitality functions as approved by the Deputy Minister or CEO, providing they conform to the rules listed in this section of the Directive.

Responsibilities regarding alcoholic beverages

- Prior written approval is required as follows:

Ministries

- from deputy ministers; with no delegation of the authority
 - If the hospitality event is hosted by the Deputy Minister, the Deputy Minister must seek prior approval from the Secretary of the Cabinet.
 - If the hospitality event is planned at the request of the Minister, the Minister must provide prior, written authorization to the Deputy Minister to permit the service of alcohol.
- Complete the appropriate form.

Agencies/Organizations

- from deputy ministers with no delegation of the authority; ministers have no authority to approve
 - TB/MBC may provide approval on an agency/organization basis (see special status below for more information)
 - Complete the appropriate form.
- Reimbursement of alcohol expenses is allowed only when the appropriate approvals are in place.
 - Hospitality may include the consumption of alcohol at a meal or a reception with invitees as defined above, but only when there is a business case.
 - Alcohol should be provided in a responsible manner, e.g., food must always be served when alcohol is available. (See FAQs)
 - Preference should be given to wine, beer and spirits produced in Ontario.

Special Status for Service of Alcohol at Hospitality Events

For some agencies/organizations, the service of alcohol at hospitality events may be considered integral to their business. To ensure that the approvals process does not have an undue negative effect on the ability of the agency/organization to conduct business, these agencies/organizations may have the opportunity to request special status that would allow the chair to approve the service of alcohol at hospitality events instead of the deputy minister.

Only Treasury Board/Management Board of Cabinet (TB/MBC) can approve special status. Ministries can apply for special status on behalf of their agencies/organizations by bringing forward a business case to TB/MBC. If TB/MBC approves special status, the chair may approve the service of alcohol at hospitality events or delegate approval authority to the CEO, with no further delegation.

Should the business of an agency/organization with special status change significantly, the ministry must reapply to TB/MBC for special status on behalf of the agency/organization, if appropriate.

For more information on this process and for the approval levels within agencies/organizations once special status is granted, see [Appendix A](#).

Planning the event

- Choose the location
 - Use a government facility if there is one available and appropriate.
 - If a government facility is not available and another is chosen, the deputy minister or CEO must provide prior approval.
- Minimize costs where possible, but have due regard for the guests' status, the size of the party, and the intended business purpose.

Managing the guest list

- The host extending the invitation:
 - must document and justify the list of government representatives;
 - keep the number of government representatives to a minimum, limiting it to those who have a direct involvement in the business purpose of the event;
 - may include the partner of a host or government representative only when required by protocol;
 - may reimburse expenses incurred by a partner, as a guest of government hospitality with the following provisions:
 - ✓ may be paid only on authorization by the deputy minister or agency/organization chair
 - ✓ may include costs for travel, event tickets or tours
 - ✓ must be paid directly to the partner concerned.
- For hospitality events where guests may include current or prospective vendors of record, approvers must:
 - obtain prior approval from senior management; and
 - avoid either the actual or perceived preferential treatment of any vendor.

Submitting the claim for reimbursement

- All expenses must be documented and include original itemized receipts.
- The claim must include event details regarding:
 - ✓ purpose;
 - ✓ date(s);
 - ✓ location;
 - ✓ type of hospitality (breakfast, lunch, dinner, reception, refreshments, etc.);
 - ✓ attendees
 - Ontario government attendees (all people and positions covered by this Directive) listed by name
 - other attendees listed by name and organization;
 - ✓ appropriate prior approvals.

Gift-Giving

Appropriate token gifts of appreciation, valued up to \$30, may be offered in exchange for gifts of service or expertise to people who are not engaged in work for the government of Ontario. Gifts valued over \$30 must have prior approval.

8.0 EXPENSES FOR CONSULTANTS AND OTHER CONTRACTORS

Consultants and other contractors will not be reimbursed for any hospitality, incidental or food expenses, including:

- Meals, snacks and beverages
- Gratuities
- Laundry or dry cleaning
- Valet services
- Dependant care
- Home management
- Personal telephone calls

In some cases, a contract signed before July 16, 2009 may have permitted reimbursement for the items listed above. In such circumstances, the ministry or agency/organization must strongly discourage the contractor from making a claim for such items.

Claims for Reimbursement of Expenses

Reimbursement for allowable expenses under this Directive can be claimed only when the contract with the government or agency specifically allows for it.
