

Memorandum

To: All LCDS Employees & Families
Date: January 19, 2022
From: Nick Salaris
Subject: COVID-19 Agency Outbreak Update

Good afternoon,

As expected, the omicron variant continues impact the agency. We understand that this is a busy time for everyone. It continues to be our goal to get you accurate information in a timely manner always keeping in mind the health and safety of all.

This afternoon, we were informed that Lambton Public Health has declared an outbreak due to COVID-19 at our Aniline St/Oil Springs location. We continue to work with Lambton Public Health and MCCSS to ensure proper notifications and protocols are in place and have occurred.

We are also pleased to report that the outbreak at Zone St/Wyoming has been declared over by Lambton Public Health. Our sincere gratitude is extended the Zone St team and all those that assisted in getting through the outbreak.

We continue to be an essential service and it is critical we continue to serve the people we support through these challenging times. We will continue to follow the guidance of Lambton Public Health and do our best to prevent the spread of COVID-19.

We are extremely thankful and grateful to our dedicated employees for their continued resiliency and dedication to the people we support during these challenging times. We will continue to keep you updated.

Be well. Be safe. Be smart.

Sincerely,

A handwritten signature in black ink, appearing to read 'N. Salaris', is written in a cursive style.
