

Memorandum

To: All LCDS Employees & Stakeholders
Date: June 9, 2022
From: EMT
Subject: COVID-19 Updates (Masking Requirements)

Good afternoon everyone. Thank you for all you continue to do, your patience and flexibility.

Due to the statement issued yesterday (June 8, 2022) by Dr. Kieran Moore, Chief Medical Officer of Health, on the lifting of remaining provincial masking requirements, we wanted to share the following update on masking requirements for the agency and the Developmental Services Sector.

Masking Requirements

- We have reached out to MCCSS to determine how the most recent announcement by Dr. Moore will impact the agency and our sector. We expect to get further guidance and clarification in the next day or so.
- **At this time, there will be no changes to masking requirements for the agency.** An update will follow for all employees and stakeholders as soon as there is an update to share.

Thank you everyone. Be safe and well!

Sincerely,

EMT
